jSparks Photography has more than 20 years of professional experience providing quality, friendly and professional photography services. We provide affordable professional photography services for nearly any person, place, thing or event, and we do so with a focus on results and a commitment to client satisfaction. **Our goal is to make professional photography services fun, affordable and rewarding for everyone.** Read on to learn more about our services and high quality products.

We want to eliminate the barriers that keep the average person or business from enjoying the benefits of professional photography. From kids to corporations, we make great photos easy and affordable, and we spend the time and effort to make sure you get the photos you want, not what we decide is best and hand you after the shoot. We won't take a penny from you until you've seen your photos, and **"The Shoot is Always Free"** at **jSparks Photography**, even if you do not purchase any prints, accessories or other items.

When we say **"The Shoot is Always Free"**, we mean it! We will schedule up to 4 hours per day (we are also available for all-day events when available and requested), as needed, to capture the images you want, your way, in the locations and settings you want. There are no "sitting" or "session" fees, no travel fees and no on-location fees. We do not charge you by the hour for your photo shoot. Wardrobe and prop changes are not "extras", and there's no limit to the number of poses, props, wardrobe changes or locations for your photo shoot. When your shoot is complete you will walk away without having spent a penny out of pocket, and you will have no obligation to purchase any of the images from your shoot.

Shortly after your photo shoot your images will be published to our gallery and eStore at **www.JimSparks.com** where you can browse all of the images from your shoot. If you want to purchase images from your shoot, you will always have the opportunity to browse and purchase your favorite images in a variety of formats from our secure online eStore. (*Our product selection and price list begins on page 5 of this document.*) Your images will be available in our eStore for as long as we continue to make clients happy with our photography services and continue to maintain our Web site. We won't take your photos offline after a period of time and charge you extra to place an order down the road. Order what you like, when you like, or not at all. The choice is yours, giving you an honest **"no-risk, low-cost" solution to professional photography services.**

jSparks Photography is a strong advocate of music and arts in our education system, and is a proud sponsor of *"Everything Music"* in the Windsor School District in Imperial, Missouri. All sales at **jSparks Photography** generate a 10% or greater donation to the Windsor Music Department.

On the next page begins a sample of our most frequently provided photography services. We are available without on-location fees or travel fees and expenses anywhere in the St. Louis Metropolitan area and surrounding communities in Missouri and Illinois. We are available anywhere in the Continental United States for extended-shoot scenarios, with travel and location expenses considered. Always feel free to visit our site at **www.JimSparks.com**, email Jim at **jimsparks@jimsparks.com** or call any time.

jSparks Photography Services

People Portraits

Many people say they do not like to be in front of a camera, but just about everyone loves to see themselves in a beautiful photograph...what makes the difference is having a photographer with professional experience and equipment taking the photo. With more than 20 years of professional experience, we have learned to listen to our clients to find out what kind of photographs they want. We encourage ideas and input from our clients, and our fundamental business philosophy removes limitations such as sitting fees, per-hour fees, on-location fees and multiple wardrobe fees. Some of our "people portrait" services include...

- Photographs for any occasion or "just because"
- Babies, Infants, Toddlers, Pre-Teens and Teens
- Individual Portraits
- Family Portraits
- Graduate Portraits! 8th Grade, High School and College/University Seniors
- Group Portraits

Pet & Animal Portraits

At **jSparks Photography** we understand that some people have a closer bond and connection with animals than they do with their fellow men and women. For those people we offer professional pet photography services. We love and know animals and enjoy working with animals and their owners. Pet portraits, portraits of humans with their pets, greeting and Christmas card pet photos and pets in action are just the beginning of the pet and animal photography services we can offer. Contact Jim at **jSparks Photography** today to inquire about these and other pet and animal photography services...

- Just Pets
- Pet Announcements
- People & Pets

jSparks Photography Products

High Quality Prints, Frames, Accessories and More

jSparks Photography has selected only the finest materials for our prints, frames, accessories and other products. We want our customers to feel they have gotten a great value for their money and want them to have the peace of mind of knowing they have purchased a quality product that will last for years to come. Read on to learn more about our products. Always feel free to visit our site at www.JimSparks.com, email Jim at jimsparks@jimsparks.com or call any time.

Archival Quality Prints Made to Last

Creating a line of top quality photographic products designed for beauty and long term durability starts with the printing of the image to be framed in our museum grade materials. All **jSparks Photography** images are "lab corrected" and printed on Fuji Crystal Archive Digital Paper using archival quality inks and ZBE's Chromira line of products to create stunning and vibrant images that, with proper care, will last for years to come.

Museum Grade Frames and Framing Materials to Protect Your Images

jSparks Photography uses high quality anodized aluminum frames by Nielsen because they are the leader in metal picture frames, providing a product that not only enhances the beauty of the photography within but enhances the environment in which the frame is placed. Nielsen creates exceptional frames with lustrous metals, tight joints and invisible acrylic glazes. Nielsen's quality begins with virgin aluminum and ends with each piece polished to perfection. Unparalleled consistency and flawless jewel-like finish...anything less just wouldn't be a Nielsen picture frame. In 1974 the industry was revolutionized when they patented their new corner joining system.

jSparks Photography uses a Bainbridge 8-Ply Artcare™ AlphaRag – 1/8 inch thick, 100% cotton, acid free museum-quality preservation pre-cut mat board between the print and acrylic for every framed print. This mat board is free of ground wood and lignin and is treated with the Bainbridge Artcare™ Archival System with MicroChamber® technology allowing it to actively protect the image from air born pollutants and acid by-products within the picture frame. This reduces yellowing and fading and creates a bleed resistant mat board keeping your artwork looking beautiful for years to come. This is one of the thickest mat boards in the industry providing a beautiful deep bevel that adds depth to the picture frame.

jSparks Photography frames feature high quality, conservation grade, non-glare framing acrylic with 98% UV protection. This acrylic is more optically pure and lighter weight than glass, and is also impact resistant making it safe for use in children's rooms, sports areas, offices and businesses. The surface is etched to reduce glare, allowing the artwork more visibility in difficult lighting conditions. The UV filtration, providing protection from fading and yellowing, is built into the acrylic so it will not wear off over time. We recommend Craftics microfiber cloth for safe cleaning without scratching.

Gallery Style Canvas Wraps of Your Favorite Photos

Make your images a real work of art with **jSparks Photography's** Canvas Gallery Wraps! All Canvas Gallery Wraps are printed on fine art canvas using a high resolution twelve color Canon ink jet printer. Once dried, the print is then coated with a water-based lacquer coating to give it long-lasting durability. In the final stage, after the coating has fully cured, the canvas is then hand wrapped around a wooden frame. Finally, a hanger is attached to the inner sides of the frame, and the gallery wrap is ready to be displayed.

jSparks Photography Products (continued)

Fine Art Canvas Prints

jSparks Photography now offers fine art printing on Fine Art Canvas! Each image is printed using a Canon 12 color ink jet printer with high quality archival inks. All fine art canvas prints are protected with a special laminate to protect from scuffs, scratches and UV exposure. Fine art prints are available in a variety of standard and square print sizes. This is the same type of canvas used on the Canvas Gallery Wraps, but mounted to different types of boards that can then be framed creating a different look compared to the wraps.

Fine Art Velvet Prints

jSparks Photography now offers fine art printing on Somerset Fine Art Paper. Each image is printed using a Canon 12 color ink jet printer with high quality archival inks. Somerset Fine Art has a velvety feel to it lending more texture and presence to your fine art images. The velvety texture allows the ink to bond with it in a different manner than with other types of paper, highlighting the finer points of the image.

Magnets, Key Chains, Buttons & More!

jSparks Photography offers a full line of photo accessories in addition to our archival quality prints, museum grade frames and stunning canvas wraps and prints. With our secure, easy to use online shopping system you can create magnets, key chains and buttons from your favorite Jim Sparks photographs. Our selection of accessories is always growing, with fun items like t-shirts and throw rugs coming soon. Check back often and don't hesitate to call or Contact Us for your next photo shoot. Remember, at **jSparks Photography** "The Shoot is Always Free!"

Our Product Line is Always Expanding!

Check our Web site often as we are always adding new and exciting products for your favorite **jSparks Photography** images. We are also on the lookout for relationships with vendors offering high quality creative products to showcase and enhance your images. Add www.JimSparks.com to your favorites list and visit often to see what's new at **jSparks Photography**.
